Product specification

Calcium 500mg + Magnesium 250mg tablet

Food supplement

An additional source of calcium and magnesium. Calcium helps maintain healthy teeth. Magnesium supports the normal functioning of the nervous system and psychological functions, helps to reduce fatigue and provide normal energy recovery. Magnesium is an important mineral for the function of the human body: promotes electrolyte balance, promotes normal muscle function, has a beneficial effect on protein synthesis, helps maintain bone and teeth health.

1000 tablets
